

## **CROSSING GUARD INFORMATION:**

Please check the City of Niagara Falls School Crossing Guard webpage on the city's website for changes in service locations and shift times of Guards. This site will update families and advise of them of additional locations, removal of locations and interruptions in services. They should check the site frequently for this information, but interruptions to service will always be posted by 7:30am and 2:30pm (should only an afternoon shift be affected).

We are currently dealing with a high rate of absenteeism due to Flu season, Covid and a variety of other reasons; occasionally including weather related issues following large snow/ice events.

For updated information, vising City of Niagara Falls
